

CREATIVE CORPORATE TRAINING (CCT)

BANYAN
THAILAND HUA HIN

BUILDING TEAMS, DEVELOPING LEADERS AND ENHANCING BUSINESS SUCCESS

High quality, creative, corporate training programs coaching, team skill development, leadership and cross cultural. Creative design and professional implementation!

Banyan is now offering professional corporate training at affordable rates with the option of resort and golf packages as an all inclusive experience.

Outdoor experiential and indoor workshop focused on getting the best out of people and connecting passion with productivity.

CCT offers you great Banyan packages at our Resort and Golf club close to the sea or if you can't get to Hua Hin our team can come to you.

With a permanent facility like no other, 5 star standards, and a strong commitment to our customer needs, we take learning and development to new heights.

CCT offer you tailor made experiences designed specifically for your needs. We help you build your people and align this around productivity with professional English and Thai facilitation.

You tell us what you want to achieve and we design at affordable rates coupled with in house accommodation options in our beautiful Banyan Villa's.

LET US CREATE YOUR TOTAL PACKAGE EXPERIENCE!

CCT have the following categorized themes; choose from these or a tailor made combination:

- **Golf Collaboration** (*utilizing resources*): An exciting 2-3 hours where team members all hit a shot. They then decide the best shot, and then all team members hit the next shot from there. This continues until the ball is in the hole. We then count the number of times the team hits the ball. The team with the lowest total wins, perfect for all levels. This activity is played at our Banyan Golf club from 4-6 pm and finishes at Mulligan's (*a beautiful teak pub with amazing views*) for a post sharing with drinks and snacks.
- **Passion and Productivity:** aligning passion with productivity making sure your team knows that being busy needs to equate to being productive.
- **Corporate Care:** a corporate social responsibility (CSR) experience where your team gives back to the environment, the people, and the planet in a way that connects with you as an authentic organization.
- **Motivational Speeches & Keynotes:** When your team needs a powerful and dynamic lift in the day or evening we have a variety of keynoted to fit.
- **Team Skill Development:** creative team building using both indoor and outdoor experiential learning
- **Leadership:** Indoor with outdoor application with a strong focus on the behaviors leaders shape your organizations success
- **Leadership and Golf:** A unique offering integrating the art of golf with researched leadership qualities
- **Star Presenter:** a powerful and dynamic 2 day program turning you into a "rock star" presenter.
